

# DOI registration with DataCite

Helena Cousijn  
November 2021

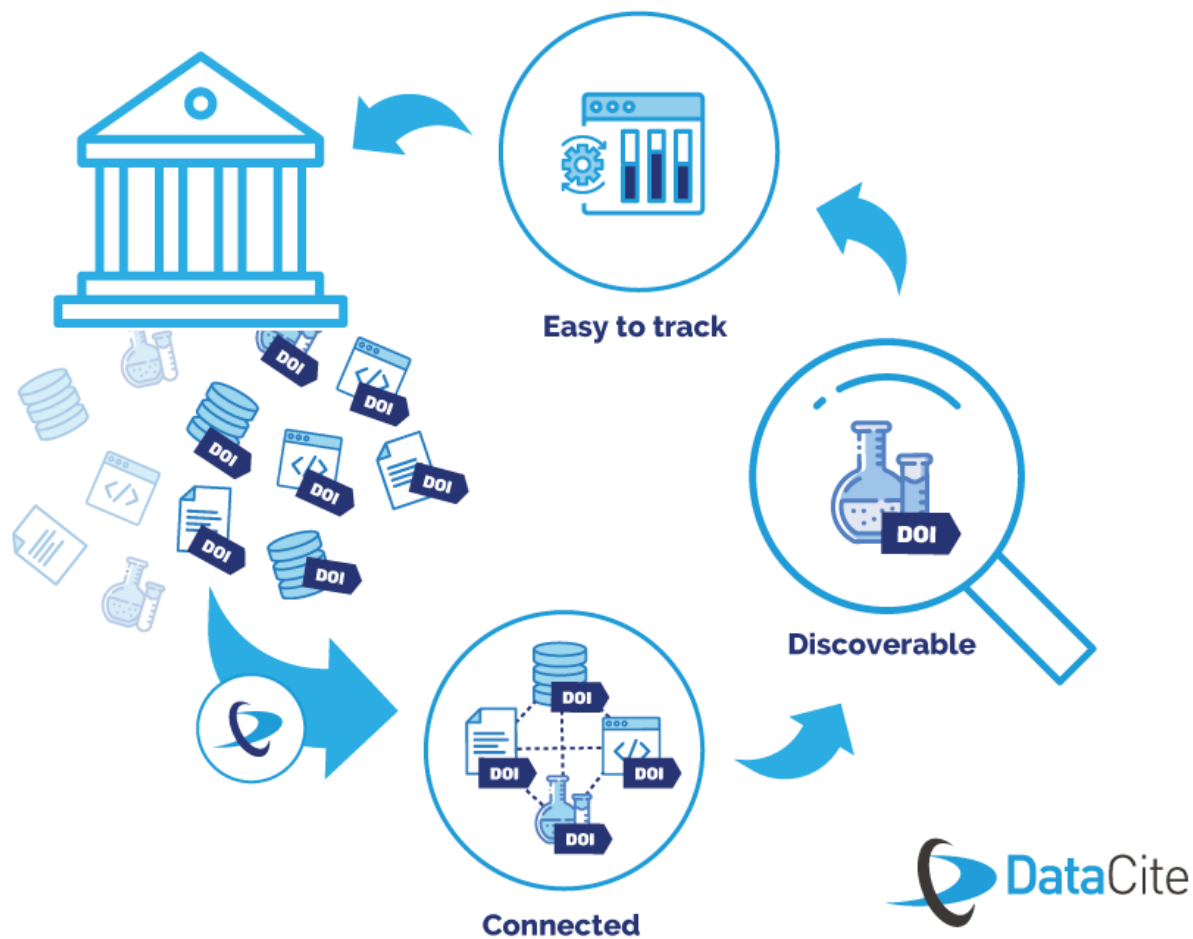

The DICE project has received funding from the European Union's Horizon 2020 project call H2020-INFRAEOSC-2018-2020 under Grant Agreement no. 101017207

**Global non-profit membership organization working with 2200+ repositories around the world to provide DOIs for data and other research outputs.**

# Connecting research, identifying knowledge

# What we do

# Create and Manage DOIs

**DataCite membership allows you to create and manage DOIs for all of your repositories. You can do this through:**

- Our primary REST API that supports JSON and enables automated DOI registration
- Our manual interface that enables you to register DOIs in less than a minute.
- Registered DataCite Service providers that provide a platform where you can register DOIs.

# Our value

## Registering DataCite DOIs makes your research outputs discoverable.

- A DOI makes your research outputs uniquely identifiable.
- Metadata that you register with DataCite is in a central location, harvestable by anyone.
- Metadata for our Members' research outputs appear in other search engines.

## DataCite services make it easy to follow best practices.

- We make research data management easy: you register your first DOI in less than 1 minute.
- DataCite DOIs and metadata help you make your research FAIR.
- We connect you to the DataCite Member community, which is full of passionate people who share experience and continue to support best practice.
- Our metadata schema is extensive and has been adopted by other PID service providers globally.

## DataCite services help you track and report on your research.

- A DOI enables easy tracking of your research outputs through simple user interfaces.
- DataCite services make institutional reporting simple.
- DataCite services support data citation and usage analytics

# Join the EUDAT Consortium

# How to APPLY

## What to do now:

- Find us in the EOSC marketplace: <https://marketplace.eosc-portal.eu/services/datacite-doi-registration-service/details>
- Indicate your interest by submitting the enquiry form: <https://datacite.org/membership-enquiry.html>
- DataCite will contact you to schedule a call in which we will set up your account

## What to do after the project:

- The DICE project will end in June 2023
- DataCite will give you until the end of 2023 to evaluate your options
- EUDAT intends to continue the Consortium, the normal fees will apply
- Alternatively, you could apply for Direct Membership or transition to a different Consortium
- If you do not continue, your account will become inactive but your DOIs will continue to resolve.
